

Values

Customer orientation, excellence and integrity are the basis of our work and the cornerstones of our success. Our first priority is to ensure the highest level of customer satisfaction as well as high-quality products and services.

Customer Orientation

We maintain long-term relation to our customers by solid and reliable performance. With our services and products, we create significant benefits for our customers.

Our SIMONE Congress is the hot spot for exchanging innovative ideas for the further development of our product.

Excellence

In everything we do we aim for the highest quality and timely results. We apply the most appropriate methodology and equipment.

We encourage creative thinking to improve our products and services to achieve a continuous increase in the quality of our processes and results.

Integrity

The confidence of customers, business partners, authorities and competitors in a responsible, law-abiding and ethical behavior of our employees is an essential prerequisite for our growth and success.

We always require and support respectful attitude towards all customers and employees.
